

Green Flash Brewing Co.™

Three Award-Winning Ales...

Imperial I.P.A.

San Diego-style IPA, as it has come to be known by many, is super-hoppy, high gravity, yet highly quaffable ale. Our Imperial IPA is created in this new tradition with intense hop flavors and aromas from a unique blend of Summit and Nugget hops. It's all about the hops!

ABV: 9.4%
IBU's: 101

22oz. Bottle

Double Stout

Golden naked oats mashed with dark crystal and robust roasted malts create a luscious black brew with satin smooth finish. Layering UK Target hops throughout the boil adds pleasant, earthy complexity while higher fermentation temperatures enhance overall flavor with fruity esters. An old-world style, done the Green Flash way. Big, bold, flavorful and complex.

ABV: 8.8%
IBU's: 45

22oz. Bottle

Barleywine

Our American-style Barleywine undergoes a three hour boil to intensify the caramel malts and the enormous Pacific Northwest hop charge. The result is a rich, estery brew with toffee notes and citrus hop flavors layered throughout. Enjoy this brew fresh today or lay it down for aging to see how the flavors of each vintage evolve.

ABV: 10.9%
IBU's: 85

22oz. Bottle
